And for the purpose of extending the time of payment of the bonded indebtedness of any school district, the board of directors of the same shall have power to issue the bonds of the district in a sum not to exceed in amount its outstanding bonded indebtedness: *Provided*, That no such bonds shall be issued until at an election called for that purpose the question shall have been submitted to the qualified electors of the district, and a majority of all the qualified electors voting on the proposition shall have declared by their ballots in favor of issuing the same:³ *And provided further*, That no such election shall be ordered unless a petition, stating the purpose for which the bonds are to be issued, and signed by at least one-half of the qualified electors of said district, shall have been presented to the district board praying that a vote be taken for the issuing of such amount of bonds as may be asked for therein: *And provided further*, That it shall be unlawful for any school district to create any bonded indebtedness unless there are at least fifteen persons between the ages of five and twenty-one years actually residing within the limits thereof, as shown by a sworn census return, taken by the direction of

3. The Australian ballot law does not apply to school-bond elections.

the board of directors of such school district.⁴ (Laws 1920, ch. 53, sec. 1.)

§ 10. **Election.** [9178] Whenever such a petition, so signed, shall be presented to the board of directors of any school district, praying that a vote be taken on the question of issuing the bonds of the said district, it shall be the duty of the district board immediately to order an election for the purpose of determining the question of the issuing of bonds as prayed for, and forthwith to give notice, by posting written or printed notices, signed by the clerk, in five of the most public places in the district, which notices shall be posted up at least ten days⁵ before such election, and shall state therein the object for which the election was called and the manner in which the question shall be voted upon.⁶ That said election shall be conducted in all respects as are general elections under the laws of the state, except that females of the age of twenty-one years shall be entitled to vote at all such elections, subject only to the exceptions applied to males; and the returns of the election shall be the same, except that they shall be made to the district board. (Laws 1879, ch. 49, sec. 2.)

§ 11. **Issuance.** [9179] The bonds herein provided for shall be issued in denominations of not less than \$100 nor more than \$500 each; they shall bear interest at a rate not to exceed six per cent per annum, payable semiannually on the 1st days of January and July of each year, at such place as shall be designated in the bonds, the principal of the bonds being

4. *Build Schoolhouse.* School districts having less than fifteen children of school age within their limits are, by the terms of the law providing for the issuance of school-district bonds, prohibited and debarred from raising funds for the building or purchase of schoolhouses by the issuance of school-district bonds. Such school districts can provide funds for the building of schoolhouses by issuing school-district warrants, to the extent and within the limitation of section 8913, General Statutes of 1915 (section 320 of this book), but not otherwise. It is within the power of school districts, under said section, to vote a tax annually, not exceeding six and three-fourths mills on the taxable property in the district, for school purposes, and to distribute such portion of the amount of such tax as the school meeting shall deem proper for the purpose of building, hiring or purchasing a schoolhouse for the district. Beyond this the district can not go. School warrants for building schoolhouses cannot be issued in excess of the amount authorized by law, upon the expectation that in subsequent years the school district will provide funds for the payment of the same by taxation. (See section 13.)

5. Ten days should intervene between the date of posting the election notices and the day of the election, *without counting either of the two dates.*

6. The utmost care should be had in complying with the law in every detail; otherwise the bonds may be invalid or their sale affected by their unfavorable history.

7. Bonds should be issued in denominations of \$100, \$200, and \$500 to conform to the printed bonds furnished to districts by the School-fund Commissioners.

made payable within fifteen years from their date. These bonds shall specify on their face the date of issue, amount, for what purpose and to whom issued, the time they run, the rate and times of payment of interest, and shall have coupons attached for the interest as it becomes due, said coupons being so arranged that the last one shall fall due at the time of the maturity of the bond. Said bonds and the coupons thereto attached shall be signed by the director and countersigned by the clerk, and after registration by the county clerk shall be negotiable and transferable by delivery, and may be disposed of by the district board at not less than ninety-five cents on the dollar, and the proceeds of the same applied as provided for in the petition at which issuance of the bonds was authorized. (Laws 1879, ch. 49, sec. 3.)

§ 12. Limitations Modified. [10889] The limitations placed by the statutes upon the voting of bonds in cities and school districts for the purpose of erecting school buildings may be modified as in this act provided. (Laws 1911, ch. 257, sec. 1.)

That the board of school-fund commissioners of the state of Kansas is hereby authorized and empowered to make an order authorizing any city or school district to vote bonds for the purpose of erecting school buildings to an amount of not more than one hundred per cent in excess of, and in addition to, the amount of bonds that may be voted under laws now in force. (Laws 1919, ch. 275, sec. 1.)

§ 14. Application to Vote Additional Bonds. [10891] The power of the said board of school-fund commissioners herein may be invoked by the filing with it of an application by the board of education of a city or by the school-district board of a school district that the permission of the said board of school-fund commissioners be given for the voting and issuance of additional bonds as provided in the preceding section. The said application shall be accompanied by a petition to the board of education or the school-district board, signed by not less than one-half of the number of electors who may be entitled to vote for an issuance of bonds under the laws in force at the time of the taking effect of this act, requesting that an application as hereinbefore provided shall be filed with the said board of school-fund commissioners. Notice of the intention to file such application shall be given to the electors by a publication in the official county paper, in form to be prescribed by the said board of school-fund commissioners; and the said board shall also prescribe all rules and regulations which may be found necessary to properly carry out the provisions of this act, including rules in relation to the evidence required in support of the applica-

tion and the method of furnishing such evidence. (Laws 1911, ch. 257, sec. 3.)

§ 15. Hearing of Application. That section 10892 of the General Statutes of Kansas for 1915 is amended to read as follows: Sec. 10892. The said application shall be heard by the board of school-fund commissioners upon a day fixed, and the board of education or school district board be so notified; and which hearing shall be in the office of the state superintendent of public instruction in the state house at Topeka; and the said board shall make an order either granting or denying said application; and if the order made shall grant the application and call for an election to vote upon the question of issuing said increased amount of bonds, the election so called shall be held in all respects as is provided by laws in operation at the time of the taking effect of this act, and any bonds so voted and issued pursuant to such election shall be in all respects legal and valid bonds of the city or school district which votes and issues them. (Laws 1920, ch. 53, sec. 2.)

§ 16. Limit of Bonds in Certain School Districts. That in all school districts within the state of Kansas having an assessed valuation of not less than \$1,500,000 and not more than \$1,700,000 on petition of 51% of the legal voters thereof, the board of county commissioners of the county wherein such school district may be located shall call a special election for the purpose of voting bonds in a sum not in excess of 3% of the taxable value of the property located in such school district for the purpose of building school buildings in such school districts and the said county commissioners shall be governed by all the laws governing the issuance of bonds as provided by the statutes of the state of Kansas. (Laws 1917, ch. 278, sec. 4.)

§ 17. Registration. [9180] Before delivering any school-district bonds, the board of directors of the district issuing the same shall cause them to be registered with the clerk of the county in which the said district is located. And it shall be the duty of the county clerk, on presentation of any school bonds for registry, to register the same in a book prepared for that purpose, which register shall contain (1) the number of the district; (2) the number of the bond; (3) date of bond; (4) to whom payable; (5) when [where] payable; (6) when due; (7) when interest is due; (8) amount of bond. The county clerk shall furnish one copy of his register to the county treasurer, and forward one copy to the state superintendent, together with a statement showing, (1) the number of sections of land in the district issuing such bonds; (2) the number of acres of land assessed and subject to taxation in said district; (3) the assessed valuation of taxable lands; (4) the assessed valuation of all personal property in such district; which statement shall be signed by each member of the school

board issuing the bonds, and the county clerk shall certify under the official seal of his office to the correctness of the statement and the genuineness of the signatures attached thereto. (Laws 1879, ch. 49, sec. 4.)

§ 18. Interest and Sinking Fund. [9181] It shall be the duty of the board of county commissioners of each county to levy, annually, upon all the taxable property in each district in such county, a tax sufficient to pay the interest accruing upon any bonds issued by such district, and to provide a sinking fund for the final redemption of the bonds, such levy to be made with the annual levy of the county and the taxes collected with the other taxes, and when collected shall be and remain in the hands of the county treasurer, a specific fund for the payment of the interest upon such bonds, and for their final payment at maturity:^s *Provided*, That moneys in the hands of the county treasurer belonging to the sinking fund of the several school districts in such county shall be invested by the county treasurer, (1) in the bonds of the district to which said sinking fund belongs, provided such bonds can be purchased at a price not exceeding their market or par value; (2) in the bonds of other school districts of this state maturing before the bonds for which such fund is raised, provided the same can be purchased at a price not exceeding their market or par value; (3) in the bonds of the state of Kansas, or of the United States. (Laws 1879, ch. 49, sec. 5.)

§ 19. Interest Credited to Sinking Fund. [681] That whenever any city, township or school district sinking fund shall amount to \$500 and shall have been in the hands of the county treasurer for the period of one year, it shall be the duty of such treasurer, and he is hereby required, to credit any such sinking fund with its proportional share of the interest thereafter accruing from the deposit by such treasurer of the public moneys in banks as provided by law, and thereafter such interest shall belong to and be a part of such sinking fund, and the same shall no longer belong to the county. (Laws 1911, ch. 288, sec. 1.)

the treasury as provided by law for other taxes, and shall remain as a specific fund for the redemption of said bonds; the amount of which sinking fund shall be as follows: In every instance in which bonds shall be issued under this act for twenty years or less, the quotient found by dividing the amount of the principal of such bonds by such number of years shall be the amount of sinking fund to be levied each year for the redemption of such bonds; but in every instance in which such bonds shall be issued for more than twenty years, it shall not be necessary to create a sinking fund, or to levy a tax therefor, until the twentieth year prior to the maturity of such bonds, at which time, and each year thereafter, one-twentieth of the principal amount of such bonds shall be levied as a sinking fund for the redemption of such bonds: *Provided*, That any county, city, township, the board of education of any city, or any school district issuing bonds under this act, may buy in and cancel any such bonds whenever the same can be done at or below par: *And provided further*, That such sinking fund, when not required for the payment or purchase of bonds, may be invested in bonds of the United States or of the state of Kansas, and in no other manner: *And provided further*, That under the provisions of this act, the proper officers are authorized, if desirable, to issue installment bonds, running thirty years, having coupons attached representing the semiannual interest to become due thereon; and each coupon attached to any installment bond shall, after five years from its date, represent one-fiftieth of its principal, which amount shall be shown by separate words and figures aside from the interest represented in the coupon, and each installment bond shall show upon its face that its principal is included in its coupons. (Laws 1915, ch. 298, sec. 1.)

§ 63. **Three-year Certificates.** [8995] Three-year certificates may be issued by the State Board of Education to persons who, by written examination in branches prescribed by the board, may show satisfactory evidence of their qualifications for such certificate. In lieu of all or part of such examination the State Board of Education shall accept satisfactory evidence showing that the applicant has completed a four-year high school course of study approved by the board, and in addition thereto has completed at least a two-years' course of study in a normal school, college, or university accredited by the State Board of Education. The three-year certificates thus issued shall be valid in any elementary school, and may become valid in high schools under such regulations as the state

board may prescribe. The three-year certificates herein provided for may be renewed successively for three-year periods provided that the holders comply with such requirements as may be made by the State Board of Education for such renewal. (Laws 1915, ch. 298, sec. 3.)

(Laws 1919, ch. 259, sec. 1.)

§ 65. Three-year Certificates Renewable for Life. [8996] Three-year certificates renewable for life may be issued by the State Board of Education to persons who, by written examination in branches prescribed by the state board, may show satisfactory evidence of their qualifications for such certificates. In lieu of all or part of such examination the state board shall accept satisfactory evidence showing that the applicant has completed a four-year high school course approved by the board, and in addition thereto has completed a four-year course of study in a normal school, college, or university accredited for this purpose by the State Board of Education. Sections 115 and 343 indicate what branches shall be taught in the public schools. (See sections 107, 108, 109, 629, 630.)

13. The awarding of a county certificate, or any other act within the jurisdiction of the county board of examiners, must have duly received, in the lawful course of business, the consent of at least two members of the board, in order to be, legally, an *act of the board*. County certificates can be legally granted only *by the board*.

A county certificate can not be lawfully dated back beyond the time when the county board, in the lawful course of business, actually awarded the same.

Although the county board may, by revocation for cause, abridge, they can not lawfully extend the time during which a certificate issued by them shall be in force, nor renew the same without a public examination of the holder thereof, except as provided by law.

It is proper for the board to refuse a certificate to an applicant passing the necessary examination but not satisfying the board as to his ability to "teach and govern a school successfully."

(Laws 1905, ch. 391, sec. 3.)

§ 100. **Fees.** [9015] Each candidate for the examination under the provisions of section 2 and section 3 of this act shall pay a fee of one dollar for this examination if taken at a state educational institution, or two dollars if taken before a county examining board, one dollar of which shall go into the institute fund of the county in which the examination is written. A certificate of the first grade may be renewed at its expiration upon the payment of a fee of one dollar to be turned into the normal institute fund if it is shown that the holder has attended at least

ninety per cent of the time of three five-day institutes or of one four-weeks' institute or has attended some approved school for six weeks during the period for which the certificate was issued: *And provided*, That the applicant shall have performed such professional work as the county superintendent shall prescribe for the renewal of first-grade certificates. In order to secure credit by resident attendance the applicant must present to the county superintendent a statement signed by the principal of the high school showing the grades secured in each subject; and said statement shall be presented on a form furnished by the superintendent of public instruction and shall be attached to the certificate when issued or recorded thereon and countersigned by the county superintendent. An examination of applicants for high-school credits shall be held in each county of the state on the third Friday of May and the succeeding Saturday and first Friday of August and the succeeding Saturday of each year under such rules as the State Board of Education may prescribe. § 246. **Temporary Consolidation of Districts by County Superintendent.** [8934] The county superintendent of public instruction may, when any two or more adjoining school districts have less than five pupils each of school age, combine the pupils of such districts, and provide for a term of school which shall be divided among the districts so combined as he shall deem most convenient, and to which the pupils of each shall be admitted; he shall prorate the expense between the districts in proportion to the number of pupils from each, and shall certify same to the county clerk on or before the 1st day of August of each year, and the board of county commissioners shall levy a tax against the property of said district sufficient to raise the amount shown by the said certificate: *Provided*, That whenever the school population of such districts so combined or of any school district shall become less than five no term of school shall be held, but provision shall be made by the county superintendent for sending pupils to other schools, as now provided by law in the case of districts which vote to have no school, and in no case shall more than one school be held at the same time in any school district, consolidated or otherwise, unless there be a regular attendance of at least five *bona fide* pupils for each of the additional schools in said district. All contracts with teachers shall be made subject to the provisions of this act. (Laws 1901, ch. 307, sec. 11.)

§ 247. **Procedure in Consolidation.** [8938] By order of the district board, or by a written petition of twenty-five per cent of the voters of any school district, the clerk of said school district shall post printed notices as required for school-district meetings, calling a school-district meeting at the schoolhouse of said district for the purpose of voting upon a proposition to consolidate said school district with one or more school districts as stated in said notices. The vote in any district may be made conditional on a similar proposition carrying in part or all of the districts voting. In any school district voting on the proposition a majority of the votes cast shall be sufficient to carry the proposition in said district. The vote at such school-district meeting shall be by ballot, which shall read "For consolidation" or "Against consolidation." Upon such proposition being carried, the clerk of said

school district shall thereupon, in writing, notify the county superintendent of such action. Upon receiving such notice, it shall be the duty of the county superintendent to designate a time and place for the meeting for the purpose of electing a school board, consisting of a director, clerk and treasurer, notice of which meeting shall be given by printed notices posted in five public places in the districts uniting. As soon as such officers are elected and have taken the oath of office, the county superintendent shall declare the old districts disorganized: *Provided*, That said school board is authorized to maintain separately till the end of the term any schools that may be in session at the time of consolidation. (Laws 1911, ch. 275, sec. 1.)

§ 248. Consolidation with a District Containing a Graded School. [8939] Any school district may be annexed to a school district containing a graded school upon a proposition for such annexation receiving a majority of votes cast at an election called for that purpose as provided for in section 1 of this act, and upon said proposition receiving the approval of the district board of the school district containing said graded school. Upon the county superintendent receiving notification that such proposition has been carried at said election and approved by the school board of the school district containing the graded school, the county superintendent shall annex said district. Such annexation shall take place in accordance with section 7435 of the General Statutes of 1909, and after such district is formed it shall be governed by the provisions governing consolidated districts. A graded school for the purpose of this act shall be one in which two or more teachers are employed. (Laws 1911, ch. 275, sec. 2.)

§ 249. Transportation of Pupils. That section 8940 of the General Statutes of 1915 be and the same is hereby amended so as to read as follows: Sec. 8940. The district board of consolidated school districts shall provide for the comfortable transportation of the pupils of said district who live two or more miles from the schoolhouse by the usually traveled road, in a safe and inclosed conveyance or conveyances, or in lieu thereof said district board may make such allowance and payment to the parents, or other custodians of pupils who furnish their own transportation as to the district board may seem just and proper, not exceeding 25 cents per day for each pupil so transported, and shall establish such rules and regulations as may be necessary for carrying out the provisions of this section: *Provided*, That said district board may establish regular routes for the transportation of such pupils. (Laws 1917, ch. 276, sec. 1.)

§ 250. Compensation to Parents for Transportation. In cases where it is impracticable to reach certain places by a laid-out route of travel, said school district board may fix a

compensation for the carrying of pupils living in such out-of-the-way places, to reach the regularly laid-out route and such compensation shall be paid to the parents of such pupils whenever such special regulations shall be approved by the county school superintendent. (Laws 1917, ch. 276, sec. 2.)

§ 251. Powers of District Meetings and of District Board. [8941] The annual or special meetings of consolidated school districts shall have such general powers and duties as are provided by law for school-district meetings⁴⁵. The duties and powers of the district board of consolidated districts shall include those provided by law for district boards. (Laws 1911, ch. 275, sec. 4.)

§ 252. County Superintendent to be Notified. [8943] Upon the organization of such union school districts, as hereinbefore provided, the clerk of the board thereof shall notify the county superintendent in writing that such action has been taken. (Laws 1901, ch. 305, sec. 3.)

§ 253. Record of Boundary. [8944] The boundary of the union district, when formed, shall include the territory of the districts so uniting, and the county superintendent shall, upon proper notice thereof, at once make a record of such boundary: *Provided*, That by vote of the electors of any district uniting to form a union district part of the district may unite with one union district and part with another adjacent union district. (Laws 1901, ch. 305, sec. 4.)

§ 254. Property of Districts. [8945] Upon the organization of such union school district, all school property, except as hereinbefore provided, heretofore owned by the several districts so uniting, shall at once become the property of such union school district, and the board of directors of the said union school district are hereby authorized to dispose of any or all such property as the best interests of such district may require. (Laws 1901, ch. 305, sec. 5.)

§ 255. Name. [8946] Such union school district, when formed, shall be known as union school district No. —, county of —, state of Kansas, and be a body corporate, with power to sue and be sued. (Laws 1901, ch. 305, sec. 7.)

§ 256. Duties and Powers of District Board.⁴⁶ [8947] The duties and powers of the board of directors heretofore mentioned shall be the same as those provided by law for school-district boards. (Laws 1901, ch. 305, sec. 8.)

(Laws 1876, ch. 122, art. 17, sec. 3.)

47. The county school fund is added to the allotment received from the state school fund and apportioned as one fund by the county superintendent.

§ 260. **Moneys and Property.** [9284] All persons having school moneys or other property in their possession, by virtue of any act heretofore passed, are hereby required to pay over and deliver the same to the proper officers provided for by this act. (Laws 1876, ch. 122, art. 17, sec. 4.)

(Laws 1907, ch. 167, sec. 1.)

§ 266. **Term of Office.** [8878] The term of office of the county superintendent of public instruction shall begin on the second Monday of May of each odd year, beginning with the year A. D. 1901. (Laws 1899, ch. 244, sec. 1.)

§ 267. **Oath and Bond.** [8881] The county superintendent of public instruction shall, before he enters upon the duties of his office, take and subscribe an oath or affirmation to support the constitution of the United States and of the state of Kansas, to faithfully discharge the duties of said office, and execute to the state of Kansas a bond in the sum of \$1,000, conditioned to the faithful performance of his official duties; which bond, after having been approved by the board of county commissioners, together with his official oath, shall be filed in the office of the county clerk. (Laws 1881, ch. 152, sec. 1.)

§ 268. **General Duties.** [8882] It shall be the duty of the county superintendent of public instruction to visit each

school in his county at least once each term of six months,⁴⁸ correcting any deficiency that may exist in the government of the school,⁴⁹ the classification of the pupils, or the methods of instruction in the several branches taught; to make such suggestions in private to the teachers as he shall deem proper and necessary to the welfare of the school; to note the character and condition of the schoolhouse, furniture, apparatus, and grounds, and make a report in writing to the district board, making such suggestions as in his opinion shall improve the same; to examine the accounts and record-books of the district officers, and see that they are kept as required by law; to encourage the formation of associations of teachers and educators for mutual improvement, and, as far as possible, to attend the meetings of such associations, and participate in the exercises of the same; to attend the normal held in his county, using his influence to secure the attendance of teachers; to make daily a personal inspection of the work of the institute in session, and keep a record of the same in his office, and do such work in connection with the exercises of the institute as he may deem necessary;⁵⁰ to hold a public meeting in each school district of his county at least once every year, for the purpose of discussing school questions and elevating the standard of education; to keep his office open at the county seat Saturday of each week, and in counties in which the superintendent receives a salary of more than \$600 per annum, he shall keep his office open when not necessarily absent attending to his official duties.⁵¹ He shall keep a complete record of his official acts; a record of the name, age and post-office address of each candidate for a teacher's certificate, with the number of weeks said candidate has attended a normal school or institute, the number of weeks he has taught, his standing in each study, and the date of issue and expiration of each certificate granted. He shall keep a register of the teachers employed in his county, giving name of teacher, number of the district in which he is employed, dates of opening and closing term, salary per month, grade of certificate, and date of superintendent's visit. He shall keep a record of the semiannual apportionments of the state and county school funds, and such other statistical records as shall be required in making reports to

48. "At least once each term of six months" is held to mean at least once each school year.

49. The power to correct deficiencies in government, classification and methods of instruction implies a direct responsibility of the teacher to the superintendent. The language of the law is clearly intended to establish this relation somewhat as it exists in city schools. Failure to pay reasonable attention to the suggestions of the county superintendent in these matters is held to be sufficient ground for withholding the teacher's certificate.

50. The county superintendent cannot receive compensation for work in connection with the normal institute.

51. See sections 272 and 273 of this book.

the state superintendent of public instruction. He shall make out and transmit to the state superintendent, on the last Monday of March, June, September and December of each year, a report, showing the number of school visits made, with the average length of time spent in such visits; the number of consultations held with school officers; the number of days his office has been kept open; the number of district treasurers' and clerks' record-books examined; the number of teachers' meetings attended; the number of public lectures delivered; and such other information as the state superintendent may require regarding the duties of such county superintendent; and until such report shall have been forwarded to the state superintendent, and a copy thereof filed with the county clerk for publication, and that fact certified by the said county superintendent to the board of county commissioners, the warrant for his salary shall not be drawn. The county superintendent shall obtain from the county clerk, at least ten days before the time for holding the annual school meeting each year, a certified statement of the total assessed valuation of the property in each school district in his county, and immediately certify the same to the several school-district clerks of his county, for the information of the annual school meeting; and it is hereby made the duty of said county clerk to make out said certified statement, and deliver the same to the county superintendent. (Laws 1881, ch. 152, sec. 2.)

§ 269. Annual Convention of School-district Boards. [8883] The county superintendent of public instruction in each county in the state shall hold annually one convention of members of school-district boards for the purpose of consultation and instruction on matters pertaining to the administration of the district schools of said county. Each district board may designate one or more members of said board to attend said convention; and each member of a school-district board thus designated who shall attend said meeting may be allowed the actual expenses incurred in attending said convention, not to exceed two dollars each, said expenses to be paid from the school-district funds in the manner prescribed by law. The county superintendent shall keep a record of the attendance of all members of district boards at each session of the convention and shall issue to each member a certificate of attendance; and no warrant shall be drawn for the payment of the expenses of any member of a school-district board until said certificate of attendance has been filed with the school-district clerk. (Laws 1915, ch. 302, sec. 1.)

§ 270. Apportionment of School Funds. [8884] Within five days after receiving the certificate of the state superintendent of public instruction, informing him of the amount of state school fund which has been apportioned to his county, the county superintendent shall apportion the same, together

with the unapportioned county school fund in the county treasury, among the school districts and parts of districts in such county, in the ratio of the number of persons of school age residing in each district or part of district, as shown by the last annual reports of the several clerks of such districts and parts of districts:⁵² *Provided*, That no district in which a common school has not been taught at least three months the last preceding school year shall be entitled to receive any portion of either of said funds;⁵³ and he shall draw his order on the county treasurer in favor of each of the several school-district treasurers for the amount apportioned to such district. (Laws 1881, ch. 152, sec. 3.)

§ 271. **Annual Report.** [8885] He shall, on or before the 15th of October of each year, make out and transmit in writing to the state superintendent of public instruction a report bearing date October 1, containing a statement of the number of school districts⁵⁴ or parts of districts in the county, and the number of children and their sex, resident in each over the age of five and under the age of twenty-one years;⁵⁵

52. A district that refuses or neglects to have the census taken according to law forfeits its right to a share of the annual school fund.

53. Seven months the minimum term by Laws 1911, ch. 268, sec. 1 (section 323 of this book). A district must not only have had a common school taught at least three months during the school year ending June 30, but must also have made through its district clerk the requisite annual report for the school year in time to be included in the annual report of the county superintendent, or the county superintendent cannot legally apportion to the district a share of the next ensuing February and August dividends of the state and county school funds. In apportioning these funds, the county superintendent must be governed not only by the proviso regarding the length of school term, but also by the *number* of children of school age residing in the several districts of the county, "*as the same shall appear from the last annual reports of the clerks of the respective districts.*" For purposes of apportionment, it is only from the annual report of a clerk of a district that a county superintendent can *legally* know the number of children of school age residing in the district.

In the case of the organization of a school district out of a part of the territory of another which is entitled to a portion of the state and county school funds, the newly formed district should be apportioned its just share of the funds to which the original district would have been entitled. If the division of the district was made before the time of making the annual report, the report of the new district should show the number of children resident of the territory detached from the old district, so that this apportionment may be made upon official returns. If the new district was organized after the time of making the annual report, the officers of the former district should be directed to pay to the treasurer of the new district that portion of the funds to which the children residing upon the detached territory entitled said district.

54. Joint districts are reported by the superintendent under whose supervision the districts exist.

55. The annual reports of county superintendents constitute the basis upon which the state superintendent disburses the semiannual dividends to the several counties. If any county superintendent, therefore, fails to make his annual report, as required by law, the county loses its share of the state school fund, and the county superintendent becomes responsible to the county for the amount.

a statement of the number of district schools in the county, the length of time a school has been taught in each, the number of scholars attending the same, their sex, the branches taught and the text-books used, the number of teachers employed in the same, and their sex; a statement of the number of private or select schools in the county, so far as the same can be ascertained, and the number of teachers employed in the same, their sex, and the branches taught; a statement of the number of graded schools in the county, the length of time school has been taught in each, and the number of scholars attending the same, their sex, and the branches taught, the number of teachers employed in the same, and their sex; a statement of the condition of the normal school, where such school has been established, the number of students attending the same, their sex, and the number of teachers employed in the same, and their sex; a statement of the county normal institute; a statement of the number of academies and colleges in the county, and the number of students attending the same, and their sex, the number of teachers employed in each, and their sex; a statement of the amount of public money received in each district or parts of districts, and what portion of the same, if any, has been apportioned to the support of graded schools; a statement of the amount of money raised in each district by tax and paid for teachers' wages in addition to the public money paid therefor; the amount of money raised by tax or otherwise for the purpose of purchasing school site, for building, hiring, purchasing, repairing, furnishing or insuring such schoolhouse, or for any other purpose allowed by law, in district or parts of districts. (Laws 1881, ch. 152, sec. 5.)

§ 272. **Compensation and Clerk Hire.** That section 1, chapter 191, Laws of 1917, is hereby amended to read as follows: Section 1. The county superintendent of public instruction shall be allowed by the board of county commissioners of their respective counties, as full compensation for all their services in the performance of the duties required of them by statute, the following sums and no more, to be paid out of the county treasury in monthly or quarterly installments; said compensation shall be fixed by the board of county commissioners at the first meeting in July of each year, based on the enumeration of the school enumerator for that year, and the salary so fixed shall begin on July first of that year. In counties having a school population of less than 500, the county superintendent shall receive for each day actually employed in the discharge of his duties in his office the sum of four dollars per day for a number of days not to exceed 180 in any one year. In counties having a school population of from 500 to 1,000 he shall receive the sum of four dollars per day for a number of days not to exceed 200 in any one year. In counties having a school population of 1,000 to 1,500 he shall receive the sum of twelve hun-

dred dollars per annum; in counties containing more than 1,500 persons of school age, exclusive of those in cities of the first and second class, he shall receive twelve hundred dollars and twenty dollars per annum for each 100 persons of school age in excess of said 1,500, up to the sum of sixteen hundred dollars: *Provided*, That in counties of 45,000 or more population the salary of the county superintendent shall be two thousand dollars per annum: *Provided further*, That if the county superintendent shall fail to spend at least one hour in each schoolroom each school year, so as to observe for at least one hour the work of each teacher under his supervision, the county commissioners may deduct from the last quarterly installment the sum of five dollars for each delinquency. The county commissioners shall allow county superintendents having under their jurisdiction more than 100 and not more than 200 teachers the sum of five hundred dollars per annum for clerk hire, and for more than two hundred teachers the sum of six hundred dollars per annum for clerk hire. The county superintendent shall be entitled to all money actually expended for stationery, postage, freight and express. All money paid out of the county treasury for this purpose shall be out of the general fund of the county. That the county superintendents of the several counties in the state of Kansas shall receive the sum of two dollars per teacher per annum as traveling expenses in visiting said schools: *Provided*, In no case shall any county superintendent receive traveling expenses for schools not visited. (Laws 1919, ch. 201, sec. 1.)

§ 273. Assistant County Superintendent in Certain Counties. That in counties employing more than 235 teachers, exclusive of the cities of first and second class, the county superintendent of public instruction is hereby authorized to appoint an assistant. Said assistant shall take the proper oath of office, which shall be filed with the county clerk. He shall act as the deputy of the county superintendent of public instruction and shall perform the duties not inconsistent with law, which the county superintendent may require, and he shall receive a salary of one thousand dollars per year to be paid from the general fund of the county in monthly or quarterly installments. (Laws 1917, ch. 132, sec. 1.)

§ 274. Compensation of Assistants. That the county auditor shall receive as full compensation for his services the sum of eighteen hundred dollars per annum payable out of the county treasury in monthly installments.

Each of the assistants, deputies, clerks and persons employed in the county offices mentioned in this section shall be paid monthly upon sworn vouchers approved by the head of the department in which such person is employed in the same manner in which the salaries of county officers are paid. (Laws 1919, ch. 205, sec. 1.)

§ 275. Vacancy in School-district Board. [8886] Should a vacancy occur in the board of directors of any school district, it shall be the duty of the county superintendent to appoint some suitable person, a resident of the district, to fill the same, and the person so appointed shall continue in office until the next annual meeting thereafter, and until his successor is elected and qualified. (Laws 1881, ch. 152, sec. 7.)

§ 276. Vacancy in Office of County Superintendent. [8887] When a vacancy occurs in the office of county superintendent of public instruction by death, resignation or otherwise, notice thereof shall be given by the county clerk to the board of county commissioners, who shall as soon as practicable appoint some suitable person to fill the vacancy: *Provided*, That if the board of county commissioners are unable to make such appointment from the residents of the county, the county clerk shall notify the state superintendent of public instruction, who shall appoint some legally qualified person who is a resident of Kansas to fill the said vacancy, regardless of the place of residence of such person; and the person receiving such appointment shall before entering upon the discharge of the duties of the office acquire a residence in said county by removing thereto, and shall file his oath or affirmation and bond in the county

clerk's office as provided by law, and shall hold his office until his successor is elected and qualified. (Laws 1911, ch. 278, sec. 1.)

§ 277. **Reports of District Clerks.** [8888] He shall see that the annual report of the clerks of the several school districts and parts of districts in his county are made correctly and in due time. (Laws 1881, ch. 152, sec. 9.)

§ 278. **Power to Administer Oaths in Certain Cases.** [8889] County superintendents shall have power to administer oaths in all cases in which an oath is made necessary by any provision of the school law, except in the qualifying of county superintendents and their sureties. (Laws 1881, ch. 152, sec. 10.)

§ 279. **Purchase of Records.** [8890] The county superintendent of public instruction of the respective counties in this state may purchase, for each organized school district in his county not having sufficient records, one set of school-district records, consisting of district clerk's records and orderbooks, district treasurer's book, and a teacher's daily register. Each of said books shall contain such printed forms and instructions as will enable the teacher and the school-district officers to perform with correctness and accuracy their several duties as required by law: *Provided*, The entire set of said records as above enumerated shall not exceed in cost four dollars for each set; and the said superintendent shall draw his order or warrant on the county treasurer in favor of the person he purchases said books of, for the amount of the purchase-money, and it is hereby made the duty of said county treasurer to pay said warrant or order out of any money in his hands belonging to the respective districts in his county: *Provided*, That no funds in the hands of the county treasurer belonging to the several school districts in his county shall be diverted from the object for which said fund was raised; and the said superintendent shall deliver the said books to the district board of each district. (Laws 1881, ch. 152, sec. 11.)

§ 280. **Forming and Changing Districts.**⁵⁷ [8891] It shall be the duty of the county superintendent of public instruction to divide the county into a convenient number of school districts, and to change such districts when the interests of the inhabitants thereof require it,⁵⁸ but only after twenty days'

57. The fact that the district boundary has been changed by legislative act or a district disorganized by legislative act in no respect modifies the power of the county superintendent as conferred by this section.

58. It is very desirable that the people concerned should be consulted, and the arguments on both sides carefully considered, before making important changes. After a district has issued bonds to build or purchase a schoolhouse, alterations should be discouraged until the bonds are paid, except in cases where imperative necessity demands a change. The object should be to establish strong and permanent districts.

notice thereof, by written notices posted in at least five public places in the district to be changed; but no new school district shall be formed containing less than fifteen persons of school age, no district shall be so changed as to reduce its school population to less than fifteen, and none having a bonded indebtedness shall be so reduced in territory that such indebtedness shall exceed five per cent of their assessed property valuation:⁵⁹ *Provided*, That any person interested may appeal to the board of county commissioners from the action of the county superintendent: *And provided further*, That the restrictions as to school population and assessed valuations of this section shall not prevent desirable changes in school-district boundaries when the proposed alteration of boundaries is approved by the board of county commissioners. The county superintendent shall number school districts when they are formed; and he shall keep in a book for that purpose a description of the boundaries of each school district and part of district in his county, with plat of the same, date of organization, date and full record of all changes of boundaries, and a list of district officers in his county, the date of election or appointment, and the time the term of each is to expire. (Laws 1907, ch. 329, sec. 1.)

§ 281. **School Districts within an Indian Reservation.** [8895] That the county superintendent of any county in which there is an Indian reservation may, under the procedure prescribed by law for the organization of other school districts, erect any number of school districts lying wholly or partly within such Indian reservation, and the ordinary limitations of assessed valuation of property within such district shall not prevent the organization of any such district: *Provided*, That any such district which it is proposed to organize has an aggregate of sixty thousand dollars' worth of real and personal property, subject to taxation. (Laws 1913, ch. 282, sec. 1.)

§ 282. **Appeal to County Commissioners.** [8906] If in the formation or alteration of, or refusal to form or alter school districts, any person or persons shall feel aggrieved, such person or persons may appeal to the board of county commissioners, who shall confer with the county superintendent, and their action shall be final: *Provided*, That notice of such appeal⁶⁰ shall be served on the county superintendent within ten days of the time of posting of the notices of the formation, or

59. See section 329 for the valuation required in the formation of new districts and the alteration of district boundaries. The territory comprising a school district at any particular time is the territory at that time liable for the bonds of such district.

60. No appeal can be made to the county commissioners unless the county superintendent posts notices of the formation or alteration of a school district.

alteration of such district; such notice shall be in writing, and shall state fully the objections to the action of the county superintendent, a copy of which shall be filed with the county clerk, and also with the clerks of all districts affected by such alteration: *And provided also*, That such appeal shall be heard and decided by the majority of the board of county commissioners at their next regular meeting; and if such appeal is not sustained by them, the county superintendent shall proceed to appoint the time and place for said first district meeting, which shall then proceed as by law required. (Laws 1876. ch. 122, art. 3, sec. 5.)

§ 283. **Notice of First District Meeting.** [8892] Whenever a school district shall be formed in any county, the county superintendent of public instruction of such county shall, within fifteen days thereafter, prepare a notice of the formation of such district, describing its boundaries, and stating the number thereof. He shall cause the notices thus prepared to be posted in at least five public places in the district, and, in case there shall be no appeal, shall in ten days thereafter in like manner appoint a time and place for a special district meeting, for the election of officers and the transaction of such business as is prescribed by law for special school-district meeting. (Laws 1881, ch. 152, sec. 13.)

§ 284. **Division of Property.** [8905] When a new district is formed, in whole or in part, from one or more districts possessing a schoolhouse or entitled to other property, such new district shall be formed only between April 1 and September 1 of the same year, and the county superintendent shall determine the value of the school property of the school district, including taxes due, and deducting all indebtedness except bonded indebtedness. There shall be due to the new district⁶¹ from the old district the proportion of the value of the school property that the assessed valuation of property of the new

61. For the division of school property under the provisions of this section, the following rules are recommended, viz.:

FIRST RULE.—*To be applied in dividing school property which has been procured with the proceeds of district taxes:* (1) Find the assessed valuation of the taxable property of the undivided district, as returned on the last assessment roll of the county. (2) Find, in like manner, the assessed valuation of the taxable property of the territory which is to be cut off; and which does not retain the school property. (3) Find the present value of the school property of the undivided district, including moneys raised from district taxes and remaining in the treasury at the time the division is made, after discharging all indebtedness except bonded indebtedness. (4) Multiply the present value of the school property by the assessed valuation of the territory which is to be cut off. That product, divided by the assessed valuation of the undivided district, gives the amount due to the territory which is to be cut off.

SECOND RULE.—*To be applied in dividing such school property as consists of moneys received by the undivided district from the state and*

district bears to the assessed valuation of the property of the old district. The county superintendent shall certify to the county clerk the proper tax levy against the taxable property of the old district to pay the amount due the new district. (Laws 1909, ch. 207, sec. 1.)

§ 285. School-district Boundaries. [8896] The county superintendent is hereby required to furnish the county clerk with a description of the boundary of each school district, on or before the last Monday in May of each year. (Laws 1887, ch. 219, sec. 1.)

§ 286. County Superintendent Shall Furnish Map. [11328] The county superintendent of public instruction of the several counties of the state shall, on or before March 1 of each year, furnish to each assessor within his county a map of the city or township of such assessor, showing the number and metes and bounds of every school district or part of school district within his township or city. (Laws 1885, ch. 198, sec. 3.)

§ 287. Boundary Lines Re-established. [8897] That in all counties in the state of Kansas where the records of the boundary lines of school districts heretofore established in the state have been lost or destroyed, it shall be the duty of the superintendent of public instruction of said county to reestablish said lines as nearly as possible upon the lines theretofore established, and for this purpose he may examine such witnesses as to him or the parties in interest shall seem proper and sufficient to give him such information as is necessary to carry out the provisions of this act. (Laws 1911, ch. 274, sec. 1.)

§ 288. Boundary Lines Re-established in Case of Error. [8898] That in any county where the records of the boundary lines of school districts heretofore established have been lost or destroyed, and an attempt has been made to reestablish said lines, where it becomes evident to the county superintend-

county school funds: (1) Find the number of children of school age residing in the undivided district, as given in the last annual report of the clerk of the district. (2) Find, in like manner, the number of children of school age residing in the territory which is to be cut off, and which does not retain the school property. (3) Find the amount of state and county school money remaining in the treasury of the undivided district at the time the division is made after discharging all indebtedness except bonded indebtedness. (4) Multiply the residue of state and county school moneys by the number of children residing in the territory which is to be cut off. That product, divided by the number of children of school age residing in the undivided district, gives the amount of state and county school moneys due to the territory which is to be cut off.

The same principle of division of property is to be followed in case the new district is formed from parts of two or more districts.

The county superintendent of public instruction should make the division of school property *at the time* of forming a new school district, but his failure to do so at the time does not impair the rights of said district.

ent that the attempted reestablishment has been wrong and that a mistake has been made in the reestablishment, the said superintendent shall have the same right to reestablish said lines as conferred in section 1 herein, notwithstanding the attempted reestablishment heretofore made. (Laws 1911, ch. 274, sec. 2.)

§ 289. **Indebtedness of Depopulated District.** [8920] That when a school district having a floating indebtedness, consisting of outstanding school orders, is now or shall hereafter become depopulated, it shall be the duty of the county commissioners, on information furnished by the county superintendent, to provide for the payment of such outstanding indebtedness by making a levy of taxes therefor upon the property of such depopulated district, which shall be extended by the county clerk on the tax-roll the same as other taxes: *Provided*, That no levy shall exceed twenty mills⁶² on the dollar in any one year. (Laws of 1893, ch. 135, sec. 1.)

§ 290. **County Treasurer Shall Pay Orders.** [8921] That the county treasurer shall pay all school orders mentioned in the preceding section out of any funds standing to the credit of the school district on which said school orders are drawn: *Provided*, That the county superintendent's order for the payment of the same shall be attached to such school order. (Laws 1893, ch. 135, sec. 2.)

§ 291. **Depopulated District May be Disorganized.** [8922] That the county superintendent may, in his discretion, after all indebtedness⁶³ has been fully paid and canceled, declare such depopulated school district disorganized, and attach the territory belonging thereto to adjoining school districts. (Laws 1893, ch. 135, sec. 3.)

§ 292. **When District Depopulated.** [8923] The term "depopulated school district" as used in this act shall be held to mean a school district having fewer than five legal voters therein and fewer than seven persons between the ages of five and twenty-one years; such fact to be determined by the county superintendent. It shall be the duty of the county superintendent, upon the filing of a written request by the holder of an outstanding school order, to make an investigation of the school district issuing such order, and report to the board of county commissioners the facts as to the population as aforesaid; and such report shall be conclusive on that question. (Laws 1907, ch. 322, sec. 1.)

§ 293. **Partially Depopulated Districts May be Disorganized.** [8924] That the superintendent of public instruction in any county is hereby empowered to disorganize partially depopulated school districts in his county; or in counties where joint

school districts exist, the superintendent having jurisdiction over the major portion of said school districts shall have full power to act, and the officers in said county shall have full control to levy tax, and certify the same to the proper officers out of said county having taxable property in said joint school district, who shall place the same on the tax rolls of their respective counties, and collect the same as other school tax levied in their respective counties, and when collected they shall pay the same to the proper officers of said county in which said major portion is located, taking a receipt therefor, and the county treasurer and county superintendent shall proceed to disburse said funds so collected the same as in section 7⁶⁴ of this act. (Laws 1901, ch. 307, sec. 1.)

§ 294. **Partially Depopulated District Defined.** [8925] For the purposes of this act, a school district shall be deemed partially depopulated when the number of persons resident thereof over the age of five years and under the age of twenty-one years shall be less than twelve. (Laws 1907, ch. 323, sec. 1.)

§ 295. **Petition for Disorganization.** [8926] That such action shall not be taken by the county superintendent of any such county unless there shall be presented to him a petition signed by two-thirds of the *bona fide* residents of such school district having the qualifications of school-district electors, and who have resided continuously for one year in said school district, requesting such disorganization: *Provided*, That such disorganization shall not be final until approved by the board of county commissioners of the county in which the disorganized school district is situated: *And provided further*, That in any such school district where the whole number of district electors shall be less than six, and the number of residents of such district over the age of five years and under the age of twenty-one years shall be less than five, the county superintendent shall act without petition, when so directed by the board of county commissioners of such county. (Laws 1901, ch. 307, sec. 3.)

§ 296. **Territory Attached to Adjacent District.** [8927] The county superintendent may attach the territory of any school district disorganized under the provisions of this act to any adjacent school district or school districts, but such attachment shall not become effective until approved by the board of county commissioners. (Laws 1901, ch. 307, sec. 4.)

§ 297. **Floating Indebtedness of Disorganized District.** [8929] That if any school district so disorganized shall at the time of its disorganization have a floating indebtedness consisting of outstanding school orders, it shall be the duty of the county commissioners of the county, on information furnished

by the county superintendent, to provide for the payment of such outstanding indebtedness by making a levy of taxes therefor upon all the real and personal property in the territory of the disorganized school district, which tax shall be entered by the clerk of the county on the tax-roll the same as other taxes: *Provided*, That no such levy shall exceed ten mills⁶⁵ on the dollar of the assessed valuation in any one year. (Laws 1901, ch. 307, sec. 6.)

NOTE—See section 55 of this book for disposition of bonded indebtedness of disorganized school districts.

§ 298. **Orders Paid by County Treasurer.** [8930] That the county treasurer shall pay all school orders mentioned in the preceding section out of any fund collected from the school taxes created by the special levy provided for in section 6 of this act:⁶⁶ *Provided*, That no such school order shall be paid unless accompanied by an order from the county superintendent directing its payment. (Laws 1901, ch. 307, sec. 7.)

§ 299. **Disposition of Funds.** [8931] If at the time of the disorganization of any school district as herein provided for such district shall have in the hands of its treasurer or of the county treasurer of the county moneys belonging to it, or any unpaid taxes levied for the payment of its indebtedness, bonded or floating, such money shall be first applied to its indebtedness, floating or bonded; and if any money remain thereafter, then such money shall be distributed among the school districts to which such territory shall be attached, in such manner and amount as shall be directed by the county superintendent, who shall include in the order for the disorganization of such district an order for the distribution of its moneys as herein provided. (Laws 1901, ch. 307, sec. 8.)

§ 300. **Disposition of Property.** [8932] The buildings and other property which may belong to any school district which may be hereafter disorganized shall be sold by the county superintendent to the highest bidder for cash in hand, after having given thirty days' public notice thereof by publication in a newspaper published in said county and by posting not less than five written or printed notices in conspicuous places in said district. The proceeds of said sale shall be deposited with the county treasurer of said county and shall be applied to the payment of debts of said school district, giving the preference to floating debts, if there be any. If there be no debts, or if there be any proceeds left after the payment of debts, said proceeds shall be turned into the county school fund for the use and benefit of the school district to which said disorganized territory is attached: *Provided*, That the school district to which said territory is attached may bid for and

purchase said property and pay for same out of general fund. (Laws 1901, ch. 307, sec. 9.)

§ 301. Territory Not Liable for Debts. [8933] The territory of any school district so disorganized shall not be liable for any debt, floating or bonded, or any contract of any district to which it may be attached existing at the time of such attachment. (Laws 1901, ch. 307, sec. 10.)

§ 302. Annexation of School Districts. Whenever any school district shall fail or neglect to maintain a school for at least seven months in each year for a period of three successive years, such school district shall be disorganized by the county superintendent of public instruction and the territory thereof shall be attached to adjoining districts: *Provided*, That this act shall not apply to any school district which shall have made provision according to law for sending its pupils to other schools and for the payment of transportation and tuition, unless such district shall be adjacent to a school district including a city of the third class. Whenever any school district adjacent to a district including a city of the third class, which city is located in a county having a population of not more than 7000, shall fail or neglect to maintain a school for at least seven months in each year for a period of three consecutive years, said adjacent district shall be disorganized by the county superintendent of public instruction and the territory thereof shall be attached to the district including said city of the third class. (Laws 1917, ch. 275, sec. 1.)

§ 303. Floating Indebtedness of Districts Annexed. If any school district disorganized as provided in this act shall, at the time of its disorganization, have a floating indebtedness consisting of outstanding school orders, it shall be the duty of the county commissioners, on information furnished by the county superintendent of public instruction, to provide for the payment of such outstanding indebtedness by making a levy of taxes therefor upon the taxable property in the territory of such district, which tax levy shall be entered by the county clerk on the tax roll the same as other taxes: *Provided*, That no such levy shall exceed four and one-half mills in any one year. The county treasurer shall pay all school orders herein mentioned out of any funds standing to the credit of the school district or collected from the tax created by the special levy herein provided for: *Provided*, That no such school order shall be paid unless accompanied by an order from the county superintendent of public instruction directing its payment. (Laws 1917, ch. 275, sec. 2.)

§ 304. Property and Bonded Indebtedness of Annexed Districts. Any money, unpaid taxes, buildings, or other property which may belong to any school district which may be disorganized as provided in this act shall be applied as provided in sections 8931 and 8932 of the General Statutes of 1915; and

any bonded indebtedness existing at the time of the disorganization of such district shall be paid as provided in section 8928 of the General Statutes of 1915. (Laws 1917, ch. 275, sec. 3.)

He shall deliver to his successor, within ten days after the expiration of his term of office, all books and papers appertaining to his office. (Laws 1881, ch. 152, sec. 14.)

§ 306. **Neglect or Refusal to Perform Duty.** [8894] Every county superintendent who shall neglect or refuse to perform any act which it is his duty to perform, or shall corruptly or oppressively perform any such duty, he shall forfeit his office, and shall be liable on his official bond for all damages occasioned thereby, to be recovered in the name of the state for the benefit of the proper party, district, or county. (Laws 1881, ch. 152, sec. 15.)

§ 307. **Agent of State Orphans' Home.**⁶⁷ [9697] The superintendents of public instruction in the several counties of the state are hereby designated as the agents of the Soldiers'⁶⁸ Orphans' Home in their respective counties. It shall be the duty of said agents to visit the children who are placed in homes in their respective counties twice each year, and at such other times as the superintendent of the home may request; and they shall make written reports of the condition of each child visited, upon blanks to be provided by the board of trustees for that purpose, and forward the same to the superintendent of the home, who shall record and file the same in a proper manner. Said agents shall receive, as full compensation for the services performed under the provisions of this act, their actual necessary official expenses, together with the sum of three dollars, in full for all services and report of each case visited, but not exceeding three dollars for any day's services. All accounts for such services shall be rendered to the superintendent of said home, and shall be verified, audited and paid in the same manner as other accounts against said home are paid. (Laws 1889, ch. 236, sec. 6.)

§ 310. Body Corporate. [8900] Every school district organized in pursuance of this act shall be a body corporate, and shall possess the usual powers of a corporation for public purposes, by the name and style of school district No. —, (such a number as may be designated by the county superintendent), ——— county, (the name of the county in which the district is situated), state of Kansas, and in that name may sue and be sued, and be capable of contracting and being contracted with, and holding such real and personal estate as it may come into possession of by will or otherwise, or as is authorized to be purchased by the provisions of this act. (Laws 1876, ch. 122, art. 3, sec. 2.)

§ 311. Formation of Joint Districts. [8901] When it shall become necessary to form a school district lying partly in two or more counties, the county superintendents of the counties in which the said tract of country shall be situated, when application shall be made in writing to any one of them by five householders, residents therein, shall, if by them deemed necessary, meet and proceed to lay off and form the same into a school district, issue notices for the first district meeting, and

shall file the proper papers in their respective offices: *Provided*, That whenever a resident of a school district desires his property attached to an adjacent district situated in another county, he may make application to the county superintendent of the county in which he lives and the county superintendent of the county in which such adjacent district is located to have his property attached to such adjacent district for school purposes, and such county superintendents, if by them deemed necessary and for the best interests of the applicant, shall attach the property of said applicant to the adjacent district: *Provided, further*, That no property shall be attached to an adjacent district situated in another county until notice has been given of an intention so to do and a hearing had as to the necessity or advisability of attaching such territory to the adjacent district. (Laws 1915, ch. 303, sec. 1.)

§ 312. Name of Joint District; Alteration of Boundaries. § 336. Change of Site.⁸⁴ [8915] That school districts having schoolhouses the value of which is not less than \$400, the schoolhouse site shall not be changed except by a vote of at least two-thirds of the legal voters of such district in favor of such change; and in districts where the value of the schoolhouse is less than \$400, the schoolhouse site shall not be changed except by a vote of a majority of the legal voters of the district in favor of such change. (Laws 1903, ch. 428, sec. 1.)

82. It is not mandatory on a school district to receive the pupils ordered to be sent to it in accordance with this provision.

83. The supreme court has decided that this provision is constitutional. (See *Evans v. School District No. 46*, 81 Kan. 385.)

84. The vote to locate the school site after it has been changed requires only a majority of those voting on the proposition.

§ 338. **Site Condemned.**⁸⁵ [8917] In case any school district or the board of education of any city of the second class can not by purchase at reasonable rates, or by donation or otherwise, obtain title to the site selected by such school district; or if it be deemed advisable by such school district or by the district board to add other ground to any schoolhouse site already selected; or if, in good faith, but by mistake or otherwise, a schoolhouse has been or shall be erected wholly or partially upon any land or lot to which said school district at the time of the erection of such school building, or any addition thereto, had not acquired title, then, and in any such cases, upon the written application of the district board of such school district, or a majority of the board, it shall be the duty of the probate judge of the county in which such school district is situated to appoint three disinterested freeholders of such county, and not residents of such school district, to condemn and appraise such site, or addition thereto; and in case such land or lot condemned and appraised shall be an original selection for a schoolhouse site, the amount so condemned and appraised shall not exceed one and one-half acres; and if it be for an addition to an existing site, the additional amount condemned and appraised shall not, with the original site, exceed one and one-half acres. Immediately after their appointment, such appraisers shall proceed, and condemn and appraise the value of the site so selected, or the addition to such existing site. And they shall, within ten days thereafter, make and sign a report describing the land or lot so condemned, the purpose for which it was so condemned, and the appraised value thereof, which report shall be by them filed in the office of the register of deeds of the county in which such land or lot is situated, and by such register duly recorded, as other instruments of writing affecting the title to real estate are recorded. In appraising any schoolhouse site, or addition thereto, to which such school district had not title at the time of erecting any schoolhouse, or addition thereto thereon, said appraisers shall exclude from their appraisement the value of such schoolhouse, or addition, and appraise such land or lot at its value, exclusive of such building, addition or other improvement placed thereon in good faith, but by mistake of said school district or said school-district board. Within thirty days after the report of said appraisers is filed in the office of the register of deeds, the district board of such school district shall pay to the county treasurer of the county in which such condemned land or lot is situate, for the use of

And upon such payment being made to such county treasurer by such district board, the title to such site or addition thereto shall vest in such school district. Either party, the owner of the land or lot condemned or the school district, may appeal from such appraisal to the district court, in the same time and manner that appeals are taken from the judgments of justices of the peace in civil actions. (Laws 1885, ch. 174, sec. 1.)

§ 339. Schoolhouse Site Acquired from School Lands. [9194] Any school district shall be entitled to purchase and acquire for schoolhouse site not exceeding two acres of any school lands situated in such district, but such tract shall be situated on one of the boundary lines of the section or cross-center lines thereof. The price to be paid for such land by the said school district shall be two dollars an acre, and upon presentation to the county clerk of a petition signed by a majority of the legal voters of the school district, and the payment of the purchase price to the county treasurer, the county clerk shall issue the said school district a certificate of purchase. Upon the presentation of said certificate of purchase to the auditor of state he shall cause to be issued a patent for said land, but said certificate of purchase and said patent shall recite that upon the failure of said school district to use said land for school purposes the title thereof shall be forfeited and revert to the state of Kansas. (Laws 1909, ch. 218, sec. 8.)

(Laws 1893, ch. 128, sec. 1.)

§ 341. Distribution of Property. [9456] When, by the extension of the limits of any city of the first or second class, a part of the territory of an adjacent district is annexed to such city, it shall be the duty of the county superintendent to determine the present value of all the school property of such district, also all money due to or in the hands of the district treasurer, and to equitably apportion the amount due the district board, or board of education, as the case may be. The amount due to the district board or board of education of such city, when ascertained by the county superintendent, shall be levied upon the taxable property of that district or corporation found to be in debt, and shall be collected in the same

manner as if the same had been authorized by the vote of the district board or by the board of education of such city, and when collected it shall be paid to the treasurer of that district or board of education to which it is due. The board of education, or the district board retaining the schoolhouse, shall assume the bonded indebtedness incurred in building and furnishing such schoolhouse. All unadjusted claims of cities and school districts arising from such annexation previous to the passage of this act shall be adjusted in accordance with provisions of this section. (Laws 1893, ch. 128, sec. 2.)

§ 342. **Appeal.** [9457] If, in the adjustment of school property where a part of a school district has been annexed to a city of the first or second class, any person or persons shall feel aggrieved by the decision rendered by the county superintendent, an appeal may be taken to the board of county commissioners; but a notice of such appeal must be served upon the county superintendent in writing within ten days after the rendition of his decision in adjusting the rights of the school district and the city school district. Such notice shall state fully the objections to the action of the county superintendent, a copy of which shall be filed with the county clerk, and also with the clerk of the district, or with the secretary of the board of education, as the case may be, affected by such decision. Such appeal shall be heard and decided by a majority of the board of county commissioners at their next regular meeting, and their decision shall be final. (Laws 1893, ch. 128, sec. 3.)

§ 386. **Contracts Void.** [9038] Any contract made in violation of this act¹⁰⁹ shall be null and void, and any school-district officer so violating shall be liable to the person or persons so employed for all claims such person or persons may have against such district for wages. (Laws 1901, ch. 304, sec. 2.)

§ 387. **Records and Reports.** [9010] It shall be the duty of the teachers of every district school or graded school to keep, in a register for this purpose, a daily record of the attendance and the deportment of each pupil, and of the recitations of each pupil in the several branches pursued in said school, and to make out and file with the district clerk, at the expiration of each term of the school, a full report of the whole number of scholars admitted to school during such term, distinguishing between male and female, the text-books used, the branches taught, and the number of pupils engaged in the study of said branches, and any other information the district board or county superintendent may require.¹¹⁰ The wages of a teacher for the last month of a school term shall not be paid by any district board, unless said teacher shall have complied with the

of date during a term of school, said teacher must procure a new certificate or the contract becomes null and void; and (3) a contract to teach made by a district board with a member of said board is contrary to public policy. See note 80 as to the lack of authority of the district meeting to determine who the teacher shall be.

106. *Contract.* It is not legal for a school-district board, previous to the annual meeting, to employ teachers for the new term of school.

107. Teachers are entitled to pay for the time during which school is dismissed due to the prevalence of a contagious disease in the district.

108. *Janitor Work.* In the absence of any law making it is the duty of the teacher to assume the responsibility of janitor work necessary for the comfort and good order of the school under her charge, such work being necessary and indispensable, and further, since the provision for the equipment of the school is clearly the duty of the board, the inference certainly must be that the care of the schoolhouse property belongs to the district board, and in no way can it be construed as a part of the teacher's duties, unless the contract entered into by the same shall so provide. Teachers can not collect pay for janitor service unless the contract so provides.

109. See section 385 of this book.

110. See section 241 of this book for additional reports required under the compulsory-education law.

requirements of this section. (Laws 1876, ch. 122, art. 6, sec. 1.)

§ 388. **Necessary Appendages.** [8976] The district board shall provide the necessary appendages¹¹¹ for the schoolhouse during the time a school is taught therein, and shall keep an accurate account of all expenses thus incurred, and present the same for allowance at any regular district meeting. (Laws 1876, ch. 122, art. 4, sec. 25.)

§ 389. **Suspend Pupils; Appeal.** [8977] The district board may suspend, or authorize the director to suspend,¹¹² from the privileges of a school, any pupil guilty of immorality or persistent violations of the regulations of the school, which suspension shall not extend beyond the current quarter of the school: *Provided*, That the pupil suspended shall have the right to appeal from the decision of said board of directors to the county superintendent, who shall, upon a full investigation of the charges preferred against said pupil, determine as to his guilt or innocence of the offense charged, whose decision shall be final.¹¹³ (Laws 1876, ch. 122, art. 4, sec. 26.)

§ 390. **District Board's School Duties.** [8978] The district board shall furnish each teacher with a suitable daily register, and shall visit together, or by one or two of their number, all the schools of their district, at least once a term, and at such other periods during the term as in their opinion the exigencies of each school may require; at which visits they shall examine the register of the teacher and see that it is properly kept, and inquire into other matters touching the schoolhouse, facilities for ventilation, furniture, apparatus, library, studies, discipline, modes of teaching, and improvement of the school;¹¹⁴ shall confer with the teacher in regard

111. The term "appendages" should be construed broadly, so as to include necessary improvements, such as well, privy, fence, etc. (30 Kan. 378.)

112. Pupils between the ages of eight and sixteen can be suspended only temporarily, when they are required by the compulsory-attendance law to attend school. (See section 237.) Cases of incorrigibility come within the jurisdiction of the juvenile court when the accused is under the age of sixteen years. (See section 237.)

113. The right of the teacher to punish for misconduct extends from the time the pupil leaves home to go to school until he returns home from school. This, however, does not relieve the parent from control of the child on his way to and from school. The control of school children on their way to and from school should be exercised concurrently by the parents and teacher. In case of grave misconduct, the teacher can suspend a pupil until the board can be notified of such action, except when required by the compulsory-attendance law to attend school. Due diligence must be used by the teacher to serve notice on the board.

114. A school board has a right to make a rule requiring constant and prompt attendance at school, such a rule having in view the securing of the very object contemplated in the law establishing public schools. The interests of the pupil and of all the members of the school require promptness and regularity in attendance. Courts have held that such a rule may be enforced. (See chapter VII of this book.)

to condition and management, and make such suggestions as in their view would promote the interest and efficiency of the school and the progress and good order of the pupils. The date and results of such visits shall be entered by the clerk of the board on their minutes.¹¹⁵ (Laws 1876, ch. 122, art. 4, sec. 27.)

§ 391. Taxes; Clerk to Certify; Commissioners to Levy; Limit. [8980] It shall be the duty of the school-district clerk to certify to the county commissioners of their respective counties, on or before the 25th day of July, annually, the aggregate amount by them determined in each district to be necessary for school purposes. Upon the receipt of such certification the county commissioners shall, on or before the first Monday in August, annually, levy on the real and personal property in each district, as returned by the assessment roll of the county, a percentage which will produce an amount equal to and not exceeding by more than five per cent the amount certified by the district clerk: *Provided, however,* No levy shall exceed four and one-half mills. And the county clerk is hereby authorized and required to place the same on the tax roll of said county, in a separate column or columns, designating the purpose for which such taxes were levied; and the said taxes shall be collected by the county treasurer and paid over to the treasurers of the respective school districts in the county, with the same power and restrictions and under the same regulations and in all respects as to the sale of real or personal property. He shall be authorized and he is hereby required to act according to the provisions and requisitions of the law for the collection of taxes for state and county purposes. (Laws 1911, ch. 271, sec. 1.)

115a. By the Laws of 1920, school districts may now vote not to exceed six and three-fourths mills on a majority vote. For full text of the law, see Laws of 1920, ch. 52, sec. 1.

§ 392. Judgments. [8981] Whenever any final judgment shall be obtained against any school district, the district board shall levy a tax on such taxable property in the district for the payment thereof.¹¹⁶ Such tax shall be collected as other school-district taxes, but no execution shall issue on such judgment against the school district; and in case the district board neglect to levy a tax as aforesaid for the space of thirty days

115. *Powers of District Board.* The district board has the power to prescribe the necessary rules and regulations for the management and government of the school. They may require a classification of pupils with respect to the branches of study pursued, and with respect to proficiency or degree of advancement in the same, and that there shall be prompt attendance, diligence in study, and proper deportment. The course of study is prescribed by the State Board of Education. (See section 697.)

116. A judgment tax may be levied in addition to the six and three-fourths mills for general school purposes, and the amount of tax which may be levied to pay a judgment is not limited.

after such judgment shall become final, or in case the proper officer shall neglect to collect the tax levied within the time and in the manner provided by law, then the judgment creditor of the district may have and recover a judgment against the officer or officers so in default for the amounts due him on such judgment against the district, with costs, upon which execution shall issue. (Laws 1876, ch. 122, art. 4, sec. 31.)

ARTICLE IV.—Union or Graded-school Districts.¹¹⁷

NOTE.—A union or graded school is to be distinguished from a consolidated school provided by chapter VIII.

§393. How established.

394. Powers and duties of directors.

395. Union district may levy taxes.

§ 393. How Established. [9048] Whenever the inhabitants of two or more school districts may desire to unite such districts for the purpose of establishing a graded school, in which instruction shall be given in the higher grades of education, the clerks of the several districts shall, upon a written petition therefor signed by not less than five voters from each of such districts, which voters shall be taxpayers of such district, call a meeting of the voters of such districts to be held at some convenient place, by posting up written notices thereof in the same manner as is provided for calling district meetings; and if a majority of the votes cast from each of the two or more districts shall be in favor of uniting such districts for the purpose hereinbefore stated, they shall, at that meeting or at an adjourned meeting, elect a board of directors, consisting of a director, clerk and treasurer. (Laws 1915, ch. 301, sec. 1.)

§ 394. Duties of Board of Directors. [9049] The board of directors provided in the preceding section shall, in all matters relating to the graded schools, possess all the powers and discharge all the like duties of the district board of directors, as prescribed in this act. (Laws 1876, ch. 122, art. 7, sec. 2.)

[9050] The said union district may levy taxes for the purpose of purchasing a building or furnishing proper buildings for the accommodation of the school, or for the purpose of defraying necessary expenses and paying teachers, but shall be governed in all respects by the law provided for levying and collecting district taxes. (Laws 1913, ch. 280, sec. 1.)

117. The individual districts may still conduct their usual district schools but be a part of this union district for instruction in the higher branches. The plan is virtually to provide a central high school. A resolution adopted at an annual meeting or at a special meeting called for the purpose is necessary before a graded school is subject to the provisions of this act.

§ 396. **Authority to Issue Bonds.** [9191] That for the purpose [of] building, erecting, constructing or purchasing one or more schoolhouses, the union or graded-school districts organized and existing under chapter 122 of the Laws of 1876 and the acts amendatory thereof and supplemental thereto, the boards of directors of such union or graded-school districts are hereby authorized to issue bonds. Said bonds shall be issued in all respects in conformity with the provisions of the law relative to the issuance of bonds of school districts and subject to the same limitations. (Laws 1913, ch. 281, sec. 1.)

§ 397. **Clerk.** [9052] The clerk of the union district shall make a report to the county superintendent of public instruction, and discharge all the duties of clerk in like manner as clerk of the district. (Laws 1876, ch. 122, art. 7, sec. 6.)

§ 398. **Treasurer.** [9053] The treasurer of the union district shall perform all the duties of treasurer as prescribed in this act, in like manner as the district treasurer. (Laws 1876, ch. 122, art. 7, sec. 7.)

§ 399. **Apportionment to Cities.** [9054] The public schools of any city, town, or village, which may be regulated by special law set forth in the charter of said city, town, or village, shall be entitled to receive their proportion of the public-school fund: *Provided*, The clerk of the board of education in such city, town or village shall make due report, within the time and manner prescribed in this act, to the county superintendent of public instruction. (Laws 1876, ch. 122, art. 7, sec. 8.)

§ 400. **Single District.** [9055] Any single district shall possess power to establish graded schools subject to the provisions of this article, in like manner as two or more districts united: *Provided, however*, The regular district board of directors of the district shall have the power and shall have the management of the schools of the district and grade them in accordance with the action of the annual district meeting, and employ teachers and do all things pertaining to the union graded schools, without an additional board of directors, where a single district composes the union graded-school district: *And provided further*, That the director, clerk and treasurer of the regular district board shall possess all the powers to manage the union graded-school district when a single district composes the union graded-school district as the director, clerk and treasurer have in union or graded-school districts composed of two or more districts. (Laws 1907, ch. 331, sec. 1.)

ARTICLE V.—Dissolution of Union School Districts.

§401. Petition and district meeting.
402. Disposition of property.

§403. Division of property by county superintendent.

§ 401. Petition and District Meeting. That whenever two or more school districts have united to form a union school district under the provisions of section 9048 of the General Statutes of 1915, and when there is established and maintained in one of the original districts composing said union district a high school under the act commonly known as the Barnes high-school act, said union district may be dissolved in the following manner: Upon a written petition of twenty-five per cent of the voters of every original district comprising such union school district asking that said district be disorganized as herein provided, the clerk of said union school district shall post printed notices such as are now required by law for school district meetings, calling a school district meeting of such union district at the schoolhouse of said district for the purpose of voting upon the proposition of disorganization of said union district as stated in said notices. In any school district voting on the proposition, a majority of the votes cast shall be sufficient to carry the proposition. The vote at such school meeting shall be by ballot, which shall read "For disorganization" or "Against disorganization." Upon such proposition being carried, the clerk of said school district shall thereupon, in writing, notify the county superintendent of such action. Upon receiving such notice, it shall be the duty of the county superintendent to make an order dissolving said union district and to file said order with the county clerk, and the county superintendent shall publish in the official county paper for three consecutive weeks a notice of such dissolution and of the order by him, which publication notice shall be completed not less than sixty days after the receipt by the county superintendent of the notice from the clerk of said union district as herein provided, and upon the completion of said notice and the filing of proof of publication, the said district shall be disorganized and dissolved, and the districts composing said union district shall be and become separate school districts, with their boundaries remaining the same as they were at the time of the original consolidation of said districts into a union district. § 402. Disposition of Property. Upon the disorganization of said union school district, the school property owned by the various districts composing said union district at the time of the organization of said union district shall become and be the property of the district originally owning such property, and any property obtained and owned by such union district

since its organization shall upon such dissolution be divided among the various school districts in proportion to the assessed valuation of such districts. (Laws 1919, ch. 260, sec. 2.)

§ 403. Division of Property by County Superintendent. Such division shall be made by the county superintendent, and if he shall find it impossible to make a division of the joint property in kind, then he shall notify such districts of such fact, and such districts composing the original union district shall have an opportunity to bid for such joint property, and he shall sell the same to the school district making the highest bid therefor: *Provided*, That if none of the school districts composing such union district shall bid for such joint property, then said county superintendent shall cause the same to be sold, and shall divide the proceeds among the several districts according to the assessed valuation of such districts. (Laws 1919, ch. 260, sec. 3.)

§ 421. **Admission of Nonresidents to Accredited High Schools.** [9361] In every county in this state in which provision is not otherwise made for free high-school tuition for every qualified pupil residing in said county, any pupil residing in any school district which does not maintain a high school with a four-year course accredited by the State Board of Education shall be admitted to any accredited high school in said county, on presentation of a common school diploma signed by the county superintendent of public instruction and certifying that said pupil has completed the course of study prescribed by the State Board of Education for elementary rural or graded school; and the tuition of such pupils shall be paid as hereinafter provided: *Provided*, That any pupil residing in any school district which does not maintain a high school with a four-year course accredited by the State Board of Education shall, if he desires, be admitted to the high school nearest his residence in the county of his residence or adjoining county; whether such high school maintain a four-year course or less and his tuition shall be paid in the same manner and from the same fund as provided when attending an accredited high school maintaining a four-year course. § 543. Probate Judge; Jurisdiction; Authority; Fees. That section 5099 of General Statutes for the state of Kansas, 1909, be amended to read as follows: Sec. 5099. That there be and hereby is created and established in each county of the state a court to be known as the "juvenile court" whose jurisdiction shall pertain to the care of dependent, neglected and delinquent children. The probate judge of each county shall be the judge of the juvenile court in his county, and he shall be furnished by the board of county commissioners, at the expense of the county, with such dockets, records and blanks, upon his requisition, as may be necessary in the conduct of the business of the court. Said court shall have jurisdiction of all cases concerning dependent, neglected and delinquent children in their respective counties, shall be open at all times for the transaction of business, and may make such disposition of cases as is hereinafter provided. They shall have authority to issue subpoenas for witnesses, and compel their attendance by attachment as for contempt, and to issue all other process that may be necessary in any case, the same as justices of the peace are authorized to do in misdemeanors. All writs and process shall be served by the probation officer of the court, or, in his absence, by some person especially deputized for that purpose by the court. The judge of the juvenile court shall charge as compensation for his services the same fees as are allowed the probate judge for like services: *Provided,*

That all fees provided for herein shall be paid into the county treasury for the use of the general fund of the county. (Laws 1917, ch. 154, sec. 1.)

§ 544. Over Whom the Juvenile Court Has Jurisdiction. [3066] This act shall apply only to children under the age of sixteen years, not now or hereinafter inmates of any state institution or any industrial school for boys or industrial school for girls or some institution incorporated under the laws of this state: *Provided*, That when jurisdiction has been acquired under the provisions hereof over the person of a child, such jurisdiction may continue for the purpose of this act until the child has attained its majority. For the purpose of this act, the word "dependent child" and "neglected child" shall mean any child who for any reason is destitute or homeless or abandoned, or dependent upon the public for support, or has not proper parental care or guardianship, and has idle and immoral habits, or who habitually begs or receives alms, or who is found living in any house of ill fame or with any vicious or disreputable persons; or whose home, by reason of neglect, cruelty or depravity on the part of its parents, guardian or other person in whose care it may be, is an unfit place for such a child; or any child under the age of ten years who is found begging, peddling, or selling any article, or singing or playing any musical instrument upon the street, or who accompanies or is used in aid of any person so doing. The words "delinquent child" shall include any child under the age of sixteen years who violates any law of this state or any city, town or village ordinance; or who is incorrigible; or who knowingly associates with thieves, vicious or immoral persons; or who is growing up in idleness or crime; or who knowingly patronizes any pool-rooms or place where gambling devices are operated. The word "child" or "children" may mean one or more children, and the word "parent" or "parents" may be held to mean one or both parents, when consistent with the intent of this act. The word "association" shall include any corporation which includes in its purpose the care or discipline of children coming within the meaning of this act. (Laws 1905, ch. 190, sec. 2.)

§ 545. Probation Officer; Appointed; Duties; Truant Officer. [3067] The juvenile court having jurisdiction under this act shall appoint or designate one or more discreet persons of good character to serve as probation officers during the pleasure of the court; said probation officer shall receive as compensation from the public treasury a sum to be fixed by the court, said sum not to exceed two dollars per day for services actually performed: *Provided*, That in cities having a population of 15,000 or over, the compensation shall not be more than three dollars per day. Whenever there is to be a child brought before any court having a probation officer, it shall be the duty of the

judge of the court, if practicable, to notify the probation officer in advance when any child is to be brought before the court. It shall be the duty of said probation officer to make such investigation as may be required by the court; to be present in court in order to represent the interest of the child when the case is heard; to furnish to the court such information and assistance as the judge may require, and to take such charge of any child before and after trial as may be directed by the court; and the court shall have power to make and enforce rules specifying the duties of the probation officer in any and all cases. The judge of said juvenile court may, at his discretion, designate as probation officer the regular truant officer of the county, who shall perform the duties of this office in addition to the duties of the truant officer, as provided by law, and he shall receive no further remuneration than is provided by laws already existing. Any probation officer may, without warrant or other process, at any time until the final disposition of the case of any child over whom said juvenile court shall have acquired jurisdiction, take the child placed in his care by said court and bring the child before the court, or the court may issue a warrant for the arrest of any child, and the court may thereupon proceed to sentence or make such other disposition of the case as he may deem best. (Laws 1905, ch. 190, sec. 3.)

§ 546. **Who May Make the Complaint.** [3068] Any reputable person, being a resident in the county, having knowledge of a child in his county who appears to be either dependent, neglected or delinquent within the meaning of this act, may file with the court having jurisdiction in the matter a petition, in writing, setting forth the facts, verified by affidavit. It shall be sufficient that the affidavit be upon information and belief. If it shall be determined by the court that there is no ground for complaint no permanent record shall be made by the court. (Laws 1905, ch. 190, sec. 4.)

§ 547. **Summoning Custodian of Child.** [3069] Upon the filing of the petition, unless the parties shall voluntarily appear or be in court, a summons shall issue in the name of the state of Kansas requiring the child and the person having custody and control of the child, or with whom the child may be, to appear with the child at the place and at the time set in the summons, which shall not be later than twenty-four hours after service, unless otherwise directed by the court. The parent of the child, if living, and their residence known, or its legal guardian, if one there be, or if there is neither parent nor guardian, or if his or her residence is unknown, then some relative, if there be one, and his or her residence is known, shall be notified of the proceedings; and in any case the judge may appoint some suitable person or association to act in behalf of the child. If the person summoned, as herein provided, shall fail without reasonable cause to appear and

abide the order of the court, or to bring the child, such person may be proceeded against as in case of contempt of court. In case the summons cannot be served, or the party served shall fail to obey the same, or in case when it shall be made to appear to the court that such summons will be ineffectual, a warrant may issue on order of the court, either against the parent or guardian, or the person having custody of the child, or against the child itself. On the return of the summons or other process, or as soon thereafter as may be, the court shall proceed to hear and dispose of the case in a summary manner and enter final judgment therein; and the costs of all proceedings under this act may, in the discretion of the court, be adjudged against the person or persons so summoned, appearing, or arrested, as the case may be, and collected as provided by law in civil cases. (Laws 1905, ch. 190, sec. 5.)

§ 548. Custody of the Child; Continuance of the Hearing. [3070] In any case the court may continue the hearing from time to time, and may in the meantime commit the child to the care and control of the probation officer, or may allow such child to remain in its own home, or in the custody of some suitable person, subject to the supervision and control of the probation officer and to such other conditions as may be imposed by the court; or the court may authorize the child to be placed in a suitable family home, subject to the friendly supervision of the probation officer and the further order of the court. Pending a hearing, no child shall be committed to a jail or police station, except, in case of felony, the judge, if he deems it advisable, may commit such child to jail until the trial and final disposition of the case; but when other provision shall not have been made for its care and custody, the court shall direct it to be kept in some suitable place provided by the county outside of a jail or police station. (Laws 1905, ch. 190, sec. 6.)

§ 549. Care of Dependent or Neglected Child. [3071] When any child under the age of sixteen years shall be found to be dependent or neglected, within the meaning of this act, the court may make an order committing the child to the care of some suitable institution, or the care of some reputable citizen of good moral character, or to the care of some training school or an industrial school, as provided by law, or to the care of some association willing to receive it, embracing in its object the purpose of caring for or obtaining homes for neglected or dependent children. The court may, when the health or condition of the child shall require it, cause the child to be placed in a public hospital or institution for treatment or special care, or in a private hospital or institution which will receive it for like purpose without charge. (Laws 1905, ch. 190, sec. 7.)

§ 550. The Child as the Ward of an Association or Individual. [3072] In any case where the court shall award a

child to the care of any association or individual, in accordance with the provisions of this act, the child shall, unless otherwise ordered, become a ward, and be subject to the guardianship of the association or individual to whose care it is committed. Such association or individual shall have authority to place such child in a family home, with or without indenture, and may be made party to any proceedings for the legal adoption of the child, and may by its or his attorney or agent appear in any court where such proceedings are pending and assent to such adoption; and such assent shall be sufficient to authorize the court to enter proper order or decree of adoption. Such guardianship shall not include the guardianship of any estate of the child. (Laws 1905, ch. 190, sec. 8.)

§ 551. **The Child Committed to the Care of a Probation Officer.** [3073] In case of a delinquent child, the court may continue the hearing from time to time, and may in the meantime commit the child to the care and control of a probation officer duly appointed by the court, and may allow such child to remain in its own home, subject to the visitation and control of the probation officer; such child to report to the court as often as may be required, and shall be subject to be returned to the court for further proceedings whenever such action shall appear to the court to be necessary; or the court may authorize the child to be placed in a suitable family home, subject to the friendly supervision of the probation officer and the further order of the court; or it may authorize the child to be boarded out in some suitable family home, in case provision is made by voluntary contribution or otherwise for payment of the board of such child until suitable provision may be made for the child in a home without such payment; or the court may commit the child to a suitable institution for the care of delinquent children: *Provided*, That no child under the age of sixteen years shall be committed to the State Reformatory, and in no case shall a child be committed beyond his or her minority. A child committed to such institution shall be subject to the control of the board of managers thereof, and the board shall have power to parole such child on such conditions as it may prescribe; and the court shall, on the recommendation of the board, have power to discharge such child from custody whenever, in the judgment of the court, his or her reformation is complete; or the court may commit the child to the care and custody of some association that will receive it, embracing in its objects the care of neglected and dependent children, if such institution be duly credited as hereinafter provided, or to the care and custody of some discreet person. (Laws 1905, ch. 190, sec. 9.)

§ 552. **The Court May Revoke the Custody.** [3074] In any case where a dependent, neglected or delinquent child has been committed to the care and custody of any association or in-

dividual, the court may cause the child to be brought before it, together with the person in whose custody he may be, and if it shall appear that a continuance of such custody is not for the best interests of such child, the court may revoke and set aside the order giving such custody, and make such further orders in the premises as to the future disposition of the child as shall seem best. (Laws 1905, ch. 190, sec. 10.)

§ 553. Child under Sixteen Not to be Taken Before Courts Other than Juvenile Courts. [3075] When a child under the age of sixteen years is arrested, with or without a warrant, such child shall, instead of being taken before a justice of the peace or police magistrate or judge or any other court now or hereafter having jurisdiction of the offense charged, be taken before such juvenile court; or if the child shall have been taken before a justice of the peace or police magistrate or judge of such court, it shall be the duty of such justice of the peace or police magistrate or judge of such court to transfer the case to such juvenile court, and of the officer having the child in charge to take such child before said court; and in any such case the said court may proceed to hear the defense of the case in the same manner as if the child had been brought before the court upon the petition as herein provided. In any case the court shall require notice to be given and investigation to be made as in the several cases under this act provided for, and may adjourn the hearing from time to time for the purpose. (Laws 1905, ch. 190, sec. 11.)

§ 554. Appeal to District Court. [3076] An appeal shall be allowed to the district court by any child from the final order of commitment made by the juvenile court, and may be demanded on the part of the child by its parent, guardian, or custodian, or by any relation of such child within the third degree of kinship. Such appeal shall be taken within ten days after the making of the order complained of by written notice of appeal filed with the judge of the juvenile court; whereupon it shall be the duty of the judge of said court, without unnecessary delay, to transmit all papers, together with a transcript of his records of the case, to the clerk of the district court of his county, by whom the case shall be docketed in the order of its reception. Such appeal shall not suspend or vacate the order appealed from, but the same shall continue in force in all respects the same as if no appeal had been taken until final judgment has been rendered in the district court: *Provided, however,* That the judge of the district court may, pending a hearing on appeal, make such modifications of the order of the juvenile court and upon such conditions as to him may seem proper. Upon the final hearing on appeal the case shall be heard and disposed of in the spirit of this act and in the exercise of all the powers and discretion herein given to the juvenile court. In all cases of felony the judge of the juvenile

court may remand the person apprehended to the district court or county court for trial. (Laws 1905, ch. 190, sec. 12.)

§ 555. Assistance of City and County Attorneys, and Other Officials. [3077] It shall be the duty of all county attorneys within their respective counties, and city attorneys within their respective cities, to give to the probation officers such aid in the performance of their duties as may be consistent with the duties of the office of such attorneys. It shall be the duties of the police officers and constables making arrests of children under sixteen years of age in the counties herein mentioned to at once give information of that fact to the probation officer or to the judge of the juvenile court herein provided, and also to furnish such probation officer or judge with all the facts in his possession pertaining to said child, its parents, guardian, or other person likely to be interested in such child, and also the nature of the charge upon which such charge has been made. Any probation officer may, without warrant or other process, at any time until final disposition of the case of any child over whom said juvenile court shall have acquired jurisdiction, take any child placed in his care by said court and bring such child before the court, or the court may issue a warrant for the arrest of any such child; and the court may thereupon proceed to sentence or make other disposition of the case. (Laws 1905, ch. 190, sec. 13.)

§ 556. Discretion of Juvenile Court as to Penalties of State Laws and City Ordinances. [3078] All punishments and penalties imposed by law upon persons for the commission of offenses against the laws of the state, or imposed by city ordinances for the violation of such ordinances, in the case of delinquent children under the age of sixteen years, shall rest in the discretion of the judge of the juvenile court, and execution of any sentence may be suspended or remitted by said court. (Laws 1905, ch. 190, sec. 14.)

§ 557. Care and Custody of Child to be Parental. [3079] This act shall be liberally construed, to the end that its purposes may be carried out, to wit, that the care, custody and discipline of a child shall approximate, as nearly as may be, proper parental care; and in all cases where the same can be properly done that a child may be placed in an approved family home, by legal adoption or otherwise. And in no case shall any proceedings, order or judgment of the juvenile court, in cases coming within the purview of this act, be deemed or held to import a criminal act on the part of any child; but all proceedings, orders and judgments shall be deemed to have been taken and done in the exercise of the parental power of the state. (Laws 1905, ch. 190, sec. 15.)

§ 558. Parents Responsible for Delinquency of Children; Penalty. [3080] In all cases where any child shall be a delinquent, dependent or neglected child, as defined by the stat-

utes of this state, the parent or parents or other persons responsible for or by any act causing, encouraging or contributing to such delinquency, dependency or neglect shall be deemed guilty of a misdemeanor, and upon trial and conviction thereof shall be fined in a sum not to exceed one thousand dollars, or imprisoned in the county jail for a period not to exceed one year, or by both such fine and imprisonment. The juvenile courts shall have jurisdiction of all cases coming within the provisions of this act. (Laws 1907, ch. 177, sec. 1.)

§ 559. Suspension of Sentence; Release; Bond. [3081] The court may suspend any sentence hereunder or release any person sentenced under this act from custody upon condition that such person shall furnish a good and sufficient bond or undertaking to the people of the state of Kansas in such penal sum, not exceeding two thousand dollars, as the court shall determine, conditioned for the payment of such amount as the court may order, not exceeding twenty-five dollars per month for each child, for the support, care and maintenance of such child while under the guardianship, or in the custody of any individual or any public, private or state home, institution, association or orphanage to which the child may have been committed or entrusted under the provisions of the laws of this state concerning dependent and neglected children. (Laws 1907, ch. 177, sec. 2.)

§ 560. Custody of Child During Suspension of Sentence. [3082] The court may also suspend any sentence imposed under this act, and may permit any dependent child to remain in the custody of any such person found guilty upon conditions to be prescribed or imposed by the court as seem most calculated to remove the cause of such dependence or neglect, and while such conditions are accepted and complied with by any such person such sentence may remain suspended and such person shall be considered on probation in said court; in case a bond is given as provided herein, the conditions prescribed by the court may be made a part of the terms and conditions of such bond. (Laws 1907, ch. 177, sec. 3.)

§ 561. Forfeiture of Bond and Term of Probation. [3083] Upon the failure of any such person to comply with the terms and conditions of such bond or of the conditions imposed by the court, such bond or the term of probation may be declared forfeited and terminated by the court, and the original sentence executed as though it had never been suspended, and the term of any jail sentence imposed in any such case shall commence from the date of the incarceration of any such person after the forfeiture of such bond or term of probation. There shall be deducted from any such period of incarceration any part of such sentence which may have already been served. (Laws 1907, ch. 177, sec. 4.)

§ 562. **Judgment in Case of Forfeiture of Bond.** [3084] It shall not be necessary to bring a separate suit to recover the penalty of any such bond so forfeited, but the court may cause a citation to issue to the surety or sureties thereon, requiring that he or they appear at a time named therein by the court, which time shall not be less than ten nor more than twenty days from the issuance thereof, and show cause, if any there be, why judgment should not be entered for the penalty of such bond and execution issued for the amount thereof against the property of the surety or sureties thereon, as in civil cases, and upon failure to appear or failure to show any such sufficient cause, the court shall enter such judgment in behalf of the people of the state of Kansas against such surety or sureties, or in case of default or refusal to pay the said bond, action may be taken in any court of competent jurisdiction in behalf of the people of the state of Kansas to compel the payment of said bonds. Any moneys collected or paid upon any such execution or in any case upon said bond shall be turned over to the county treasurer of the county in which such bond is given, to be applied to the care and maintenance of the child or children for whose dependency such conviction was had, in such manner and upon such terms as the juvenile court may direct: *Provided*, That if it shall not be necessary in the opinion of the court to use such fund or any part thereof for the support and maintenance of such child, the same shall be paid into the county treasury and become a part of the funds of such county. (Laws 1907, ch. 177, sec. 5.)

§ 563. **Acts Not Repealed.** [3085] Nothing in this act shall be construed to repeal any acts providing for the support by parents of their minor children or any part of the acts concerning delinquent children or persons contributing thereto; and nothing in said acts shall prevent proceedings under this act in any proper case. (Laws 1907, ch. 177, sec. 6.)

§ 564. **Detention Home; Juvenile Farm.** [3086] That the county commissioners of every county of the state having a population of more than twenty thousand may provide a detention home or a juvenile farm for the purpose of caring for homeless children under sixteen years of age in the custody of the judge of the juvenile court: *Provided, however*, That a juvenile farm may be established only in counties having a city whose population is twenty-five thousand or over. Until a building is erected for the purpose of a detention home, or until a juvenile farm with suitable and convenient buildings has been provided, the commissioners may lease or rent a suitable and convenient building or a part thereof for a term not to exceed five years for any one period, which shall be used as a detention home. (Laws 1907, ch. 177, sec. 7.)

his wife, who shall be under the supervision of the judge of the juvenile court. The inmates of the detention home shall be controlled as far as possible through parental care. The children shall be placed in the public schools where possible, or, if it be so determined, the commissioners may provide for separate instruction within the home. The detention home is to supplement the work of the juvenile court and to be used in lieu of any jail or prison, but it shall be the policy of the judge of the juvenile court, probation officer and the matron or superintendent of the detention home to make the said house of detention a temporary home, and as soon as possible to provide for the return of the inmates of the home to their natural parents or to parents by adoption. (Laws 1907, ch. 177, sec. 8.)

§ 566. Record of Inmates of Detention Home. (Laws 1907, ch. 177, sec. 9.)

§ 567. Tax Levied for Detention Home or Juvenile Farm; Salary of Matron or Superintendent. [3089] For the support and maintenance of the detention home or juvenile farm, the county commissioners shall make an estimate of the cost and levy a tax, as in the case of providing for other expenses of the county, and all expenses of the said detention home or juvenile farm shall be accorded as a part of the expenses of the said juvenile court of the said county. The salary of the matron or superintendent shall be fixed by the county commissioners, and warrants drawn for the payment of said salary and all other bills regularly allowed by the said commissioners on account of said expenses for the maintenance of said detention home or juvenile farm. (Laws 1907, ch. 177, sec. 10.)

§ 568. Annual Report of Judges of Juvenile Court. [3090] That the judge of the juvenile court shall make an annual report on the 1st day of July to the governor of the state, which shall be complete history of the proceedings of the court for the preceding year; that the said report shall contain statistics of the number of cases, the nature of the cases, and the disposition of the same. It shall also contain a financial statement of the court, including all expenses, expenditures made, and fines collected. (Laws 1907, ch. 177, sec. 11.)

§ 569. Jurisdiction After the Age of Sixteen. [3091] When any offender before the age of sixteen has been brought before the judge of the juvenile court, the jurisdiction of said court over said offender shall not expire on account of the child's arriving at the age of sixteen, but said offender shall continue

in the charge of said court until he is finally discharged by the same. (Laws 1907, ch. 177, sec. 12.)

§ 570. Compensation in Counties Having a Population of Over 25,000. [3092] In counties having twenty-five thousand people or over, the probation officer who is appointed for said county shall receive compensation not to exceed three dollars a day for time of actual service. [3094] When the police of any city or the sheriff of any county in the state of Kansas shall appear before the judge of the juvenile court to make complaint of, to report on or to testify on account of dependent, defective or delinquent children, they shall receive ordinary witness fees for such services. (Laws 1907, ch. 177, sec. 15.)

§ 573. Blanks. [3095] Blanks shall be used by the juvenile court in the several counties in Kansas which shall be furnished by the state board of control. (Laws 1907, ch. 177, sec. 16.)

§ 574. Procedure in Juvenile Court. [3096] The procedure in the juvenile court for the trial of any person charged with causing, encouraging or contributing to the delinquency, dependency or neglect of any child shall be substantially the same as the procedure provided for the trial of misdemeanors before justices of the peace. (Laws 1911, ch. 236, sec. 1.)
